[Redacted]

- 25X1 2. I believe each of these officers is well equipped to serve in the historical program. A consideration may be their age and retirement plans. [Redacted] has requested deferment of his retirement until age 65. A paper on this subject is being submitted through the Retirement Board for a decision. [Redacted] at 48 years of age would provide continuity in the program for some time to come. [Redacted] has three years until retirement, and [Redacted] has about three and a half years before retirement.

- 25X1 3. I recommend the assignment of [Redacted] since he would not only provide the needed replacement, but it would also accomplish better utilization of personnel. I believe the second job could be well-handled by [Redacted]
